Applied Anatomy And Physiology For Speech-Language Pathology And Audiology

Synopsis

This textbook aligns the basic science of anatomy and physiology with the applied art and science of communication disorders. The content is approached from a clinical perspective so that students understand the application of the content. Applied Anatomy and Physiology for Speech-Language Pathology and Audiology is unique for its presentation of elementary and introductory anatomy and physiology in a framework of clinical practice.

Book Information

Hardcover: 432 pages

Publisher: LWW; 1 Har/Psc edition (January 17, 2011)

Language: English

ISBN-10: 0781788374

ISBN-13: 978-0781788373

Product Dimensions: 8.5 x 0.8 x 10.9 inches

Shipping Weight: 2.8 pounds (View shipping rates and policies)

Average Customer Review: 2.6 out of 5 starsÂ Â See all reviewsÂ (8 customer reviews)

Best Sellers Rank: #74,427 in Books (See Top 100 in Books) #49 inÂ Books > Textbooks >

Customer Reviews

This printing is defective. In Chapter 10, there are diagrams that are not fully printed. This affects about 20 figures and the figures are the most important part of the anatomy book. 's return policy prevents us from returning the defective book which we discovered after the 30 day deadline for exchanges. A number of the books of students in my daughter's class have the same problem so it a problem with the printing. We need to be our advocate with the publisher.

This text is very clear and comprehensive in some ways, but in others, it really lacks the organization and detail that it would need to be more clear. For example, for many of the sections discussing nerves and muscles only discuss the placement of these structures on an anatomical plane rather than also discussing their function and relationship in the grand scheme of bodily function. It's a good book, but is in desperate need for supplementation from lecture materials or any workbooks that are available.

Every other page has come Unglued. I need this text for the next year of my bachelors degree.
Expensive book that was made cheap.

fast service and good quality of the book

Book got here within 3 days! I can get an early start and start reading for my summer session class! Thanks so much!

All written on and messy.

Love it!!

Worthless...
