Customer Reviews

I'm running a game right now where the character wants to go to Luke Skywalker's Jedi Academy. This book told me what I needed to know about the academy, and also gave me some other stuff I wanted (such as new force powers).

Book leaves some information that you would like to know out but otherwise gives good information about ships used and the Jedi Knights trained in the book's.

Product arrived as stated and very timely. Great addition for anyone looking to run a more force-user oriented game.

Good timely shipment and receiving when I needed it. Good information to help run a game for my gaming group.
