School's Out - Forever (Maximum Ride, Book 2)

Synopsis

Fourteen-year-old Maximum Ride and the other members of the "Flock"--Fang, Iggy, Nudge, Gasman and Angel--are just like ordinary kids--only they have wings and can fly. It seems like a dream come true--except that they're being hunted by half-human, half-wolf "Erasers" who can fly, too. In Book 2 of the series, the Flock members are taken under the wing of an FBI agent and try to live "normal" lives by going to school, making friends--and continuing their relentless search for their parents. But the Erasers return, forcing the Flock to abandon their search and make their escape once again. The voice inside Max's head keeps telling her that it's up to her to save the world, but this is especially challenging to do when she is faced with her ultimate match: a newer and better version of herself, Maximum Ride II. Max's heart-stopping quest to investigate the mind-blowing mystery of her ultimate destiny continues in the scariest, strangest, and funniest James Patterson novel yet.

Customer Reviews

Stop! Unless you've read the first book in the MAXIMUM RIDE series, Maximum Ride: The Angel Experiment (Maximum Ride), you should not read this review. Although MAXIMUM RIDE: SCHOOL'S OUT--FOREVER, could be read alone, you'll do much better if you read Maximum Ride: The Angel Experiment (Maximum Ride) first. Trust me. Read the first book, and then this one, and you'll end up thanking me. Now, if you promise you've already read the first book in the series, hold on to your hats, because the action heats up significantly in this second installment. Twenty-four

hours after Max killed Ari, the bird kids are once again on the run. The whole gang is together again and in one relatively unharmed piece--Max, Fang, Iggy, Gasman, Nudge, Angel, and stray dog, Total. Max is trying hard to forget that when it came to escaping the Erasers (half-human, half-werewolf, read the first book!), she had no choice but to kill Ari in their fight for freedom. Except, surprise, Ari isn't dead! Jeb and the other doctors at the "school" are still trying to recapture them, and Fang has been deathly wounded. Max knows there is no choice but to get Fang to a real hospital, and she's not even really surprised when the FBI turns up to question them. What does surprise her is the appearance of Anne Walker, a head-honcho who wants Max and the gang to come to her home, where she can protect them, feed and clothe them, and study them.

James Patterson's second book in the Maximum Ride series is a fun thrill ride sure to keep readers on the edge of their seats! Max, Nudge, Angel, the Gasman, Fang, Iggy, and Trouble are still fleeing from the Erasers. For those unfamiliar with the series, Max and her flock are the results of a mysterious experiment in which human and bird DNA was combined, resulting in kids with wings. In addition to flying, the flock members are beginning to develop other talents, such as Angel's ability to read and control minds. Trouble is a dog rescued from the same doctors/scientists and Erasers are part wolf, part human, and determined to destroy the flock. Fang is badly injured in a skirmish with the Erasers and Max and the flock are forced to seek the services of a hospital. Naturally, the hospital doctors call in the FBI and the gang ends up temporarily living with FBI Agent Anne Walker while Fang recuperates. For a brief period, all seems normal and they even enroll in school. Unfortunately, all is not as it seems and soon Max will be forced to confront the reason for their existence as well as a supposedly improved version of herself and the return of the not-dead-after-all, Ari. MAXIMUM RIDE: SCHOOL'S OUT FOREVER is an enchanting tale for all ages. Just about everyone has dreamed of having the ability to fly at one time or another and Max and the flock bring this dream to life. Part of the sheer joy of this series is based simply on this fact. WHEN THE WIND BLOWS and THE LAKE HOUSE were such big hits because they also featured angel children but please note that, despite the similarity of the situation and the main character having the same name, those two books are not connected in any way to the Maximum Ride series.
