Old Souls: The Sages And Mystics Of Our World

Synopsis

Have you always felt older than what your age reflects? Are you solitary, thoughtful and intuitive? Do you feel like an outsider constantly looking into a society that doesn't feel like your home? If so, you may be an Old Soul. In this landmark book, transformational mentor and holistic writer Aletheia Luna provides a compact, elegant and well-researched look into the life of Old Souls. Topics in the book include the Old Soul's perception towards love, sex, death, childhood, meaning, religion, truth, and much more.

Within the first 3 pages of this book my jaw dropped and I felt an overwhelming sense of joy because the things being described were completely accurate descriptions of me.. I have been told I am an old soul but never did I guess it was the reason behind my intense for-seeing dreams and ability to understand things about this world without even thinking about it and being correct. One night I woke up with the intense realization that everything is connected and that's when I realized I was different thank you so much for writing this book and helping to guide me through path of enlightenment

I have felt tired and more reclusive as each year passes. However, I also still feel the need to teach and give more to the world. The information in this book solidified what I have known to be true about myself for many years...I am an Old Soul. Now so clearly defined, I know I am not alone in the earthly plane. Thank you for a succinct explanation of an Old Soul. I recommend this for those that know this to be, but desire validation for peaceful living in this soul's incarnation.

If you are an old soul I fully recommend you read this book. Even if you are not sure and you wonder if you are an old soul then I feel you will enjoy and relate to this book. I have always felt the odd one out and that I have never belonged in this world. This book has explained so much. It is a short book and it didn't take long to read but it was so worth it. It also does have a questionnaire at the end of the book and it was spot on. I loved doing it as it was quick to do. A really great book of old souls.

This is a wonderful book by Aletheia Luna, filled with wonderful insight on being an 'old soul'. Answers many questions for those beginning to discover and explore the deeper levels of self. I've long been a reader of her writings and follow her on Face Book. Love for their great selection on so many products and awesome prices!

Just finished this very enlightening book. Very revealing with personal insights for the reader to discover about him/her self. I discovered the book on my new favorite web site created by the author: lonewolf Search for it and you will see how full of wisdom it is! A must read!

This book is a great and thorough introduction to what it means to be an old soul. If you identify with this soul age, I would highly recommend starting any branch of research into the esoteric, with this book.

This book seems to fit me perfectly. have always been a spiritual/philosophical person that sort of felt like an outsider no matter where I was. This book does a great job of explaining those matters plus a lot more. I highly recommend this book for those who find themselves seeking spiritual truth.

While the content is decently organized, the grammar and punctuation distracted me from enjoying this entirely. A fun book to read and take notes, hopefully there will be others who expand on the ideas presented in this book.
