Customer Reviews

Big, BIG, B-I-G shortcoming for this book however, is the complete lack of an answer key. School book and I have to use it without answer key.

It focused too much on how NOT to document, and gave too few examples of how TO do correct documentation.

Exact book needed for a class and was SO MUCH more reasonable of a price than buying from the school.

It is a book. It has words. If you can read at a high school level, you should be fine.

Very happy with purchase! Would do business again! Thanks!

For school for PTA class.

love the price

Excellent
