Missouri Birds: A Folding Pocket Guide To Familiar Species (Pocket Naturalist Guide Series)

Synopsis

Missouri is the permanent or migratory home of 428 species of birds, including the state bird – the eastern bluebird. This beautifully illustrated guide highlights over 140 familiar and unique species and includes an ecoregion map featuring prominent bird-viewing areas. Laminated for durability, this lightweight, pocket-sized folding guide is an excellent source of portable information and ideal for field use by visitors and residents alike. Made in the USA.

Customer Reviews

This really is a great little guide to the most commonly seen birds in Missouri. It is a fold out laminated guide that can be tucked into your binocular case and taken out and about as you go looking for birds. My kids enjoy using it to identify birds as well. It even has a guide on the back of Birding Hotspots in Missouri.

This is the kind of book I was looking for. It's categorized by color but will also show the male/female as well on the same page. It has Some information on each bird and will be great for identifying different species. The only negative I have to say is that it's a bit small. I got this as a gift for my dad and i think he would like to have a little larger font. But the advantage of a field guide type book is its easier to carry around. I'll have to say I was pleased with it and would recommend it to anyone looking to do a little bird watching. Shipped quickly too!

Got this for my dad for Fathers Day and he loves it! He uses it all the time when gazing at his two story high bird feeders. I got him a bigger one made by MU, but he really prefers this one!

This is perfect for our bird watching. It's easy to handle and identifies the local birds for us fast. Our bird feeders are by a window and this sits on the window sill.

Bought this book for my Mom as a gift. Purchased it along with the Backyard Birder's Box Set (also available on) and she really enjoys it.

The pamphlet is nice, but I was expecting a small book - something a little more detailed.

I'm a new volunteer at Wildlife Rescue Center. This is going to be extremely helpful!

This is a perfect hand-held guide to our backyard bird watching.
