Customer Reviews

This is a good book for those who have always wanted to experiment with the craft of shellwork. Mary Maguire's book is descriptive in text and also offers great photos with step-by-step instructions for the 25 featured projects, both large and small. Perfect for both the beginner and the seasoned shell crafter.

It was a gift for my husband who is very interested in making things from shells since we live near many beaches. He seemed very pleased, the pictures are beautiful and easy to follow instructions!

I was thrilled when I received this book, as the projects are sophisticated and yet the instructions, carefully illustrated, are simple and thorough.

Nice book, Has some instructions but wouldn't be my pick if you want to a "how to" book

I gave this book to my sister and she can't wait to make some of the projects she found all her shells her self.
